

Greetings All,

Happy Spring one and all! Well, here we are about to embrace upon another holiday for us to enjoy with our family and friends, a time for new beginnings as the trees begin to sprout new leaves and flowers bloom and warm breezes in the air, such an amazing time of year!

By the time you receive this newsletter I will be on my way to Moosehaven to attend our Annual Moosehaven Board meeting and Annual Golf Tournament.

But the most important highlight of this trip will be the groundbreaking for the AAA Project. The fruit of your labors taking shape and becoming a reality. Our seniors are so excited for the improvements about to take place on the campus.

A new and enlarged Pavilion to hosts picnics and events a Sports/Recreation Complex housing billiards, indoor shuffleboard, electronic darts and a game and card room. The Amenity Center with up-to-date gym equipment designed for seniors, a multi-purpose room for group exercise, indoor pool, and outdoor patio with a fire pit.

All the benefits of modern day living for our seniors to enjoy, keep their minds sharp and bodies in shape!

As we are about to come to an end of this chapter year, I know that there still seems to be some confusion regarding dues payments, as we are now one fraternal organization both men and women need to be current with lodge dues and women need to be current with chapter dues as well. Please remember that your dues support the needs of both our children at Mooseheart and our seniors at Moosehaven. They depend on us! If you need assistance on how to pay dues or further explanation please reach out to me/us, as I will be more than happy to assist you. You are important to us and we need you!

“Remember you never look good trying to make someone else look bad.”

Happy Spring & Happy Easter

Christine, PGCM, Moosehaven Board Member
